Whitman Says Troopers Used Racial Profiling

*Minority Groups Faced
Bias on the Turnpike*

By IVER PETERSON

TRENTON, April 20 — Gov. Christine Todd Whitman and her Attorney General conceded today for the first time that some state troopers singled out black and Hispanic drivers on the highway, and that once they were pulled over, they were more than three times as likely as whites to be subjected to searches.

Mrs. Whitman and Attorney General Peter G. Versero made the acknowledgement, after years of denials from state officials, as Mr. Versero released the results of a two-month study of selected motor vehicle stops by state troopers. She said she was surprised, "To see numbers that indicate that fully

WASHINGTON, April 20 — NATO and Pentagon officials said today that Serbian forces had begun driving ethnic Albanians from Montenegro, signaling a widening of the Balkan conflict.

The Serbs' actions appeared to be focused on Albanians who had fled to Montenegro. Serbs and Montenegro form what remains of the former Yugoslav federation.

But initial reports were sketchy and could not be confirmed on the ground, or by other agencies monitoring developments in Yugoslavia. Describing the reports at his briefing in Brussels, NATO's civilian spokesman, Jamie P. Shea, said "This is something rather new and disturbing if this pattern is now spreading over elsewhere into Yugoslavia. It can only exacerbate the problem, which is already, as you know, of alarming proportions."

The two students who are believed to have been the gunmen were identified as Eric Harris and Dylan Klebold, students at Columbine High School. They were found dead of self-inflicted gunshot wounds in the library, said Steve Davis, the spokesman for the Jefferson County Sheriff's Department.
